### MEET OUR GOLD MEDALIST SABITRI

Gold medallist in the 29-33kg group, Sabitri Tamang attends the school daily living in Kumar Balram Memorial Hostel. She has been living in the hostel since last 3 years. In this world, Sabriti can expect to be married by 16 or 17 and raising three or four children by the time she is in her twenties. But with love and support from all our kind hearted donors, she has now seen that she has a little more choice. Maybe now, she has inspired others in the village – boys and girls – to see other paths that they might walk in life. Congratulation Sabitri. You made all of us very proud.
